PROFESSIONAL SUMMARY

Results-oriented Data Analyst and Power BI Developer experienced in designing end-to-end business intelligence solutions, dimensional data models, and automated SQL/ETL pipelines. Proven track record architecting enterprise-scale interactive Power BI dashboards across 33 districts, establishing multi-level DAX-powered drill-down hierarchies, and reconciling multi-source datasets across MariaDB, State Treasury, and OracleDB. Skilled in conducting inventory analytics (ABC/VED/SDE), developing complex DAX measures, and delivering actionable visual insights that enable executive-level data-backed policy decisions.

TECHNICAL SKILLS

• **BI & Data Visualization:** Microsoft Power BI, DAX (Calculated Columns, Measures, Time Intelligence, Dynamic KPI Cards), Power Query, Oracle Analytics Cloud (OAC), Advanced Excel (Pivot Tables, XLOOKUP, Scenario Modeling), KPI Scorecards, Interactive Dashboards

• **Data Modeling & ETL:** Dimensional Modeling (Star Schema, Snowflake Schema), Multi-Source ETL Pipelines, Data Transformation, Data Cleansing & Validation, Identity Resolution, Schema Mapping

• **Databases & Querying:** SQL (MySQL, MariaDB, OracleDB, T-SQL) — Complex Joins, Subqueries, CTEs, Window Functions, Aggregate Queries; Relational Database Design

• **Analytics & Programming:** Python (Pandas, NumPy, Matplotlib, Scikit-learn), ABC/VED/SDE Inventory Categorization, Trend & Variance Analysis, Root Cause Analysis, Metric Definition, UAT Testing

PROFESSIONAL EXPERIENCE

Data Analyst & BI Developer Intern | Chhattisgarh Infotech Promotion Society (CHiPS) 06/2025 – 03/2026

Dept. of Health & Family Welfare, Govt. of Chhattisgarh • Raipur, India

- **Enterprise Power BI Dashboard Architecture:** Architected an executive 6-page statewide Power BI attendance dashboard across 33 districts with 4-tier top-down drill-downs (District → Facility → Designation → Employee), custom DAX measures, and dynamic KPI cards tracking avg. work hours, attendance %, and missed logins.
- **Advanced DAX & Star Schema Modeling:** Engineered a performant Star Schema data model with custom DAX time-intelligence and compliance-ratio measures, optimizing data refreshes and interactive filtering across large MariaDB employee datasets with full drill-through capability.
- **Multi-Source SQL/ETL Pipeline:** Developed automated SQL identity-resolution workflows mapping AEBAS biometric attendance IDs to State Treasury payroll codes, closing a critical cross-departmental tracking gap and categorizing bonded doctors into 3 actionable compliance tiers.
- **Heterogeneous Schema Reconciliation:** Integrated data across MariaDB, State Treasury, and National Next-Gen e-Hospital OPD systems, collaborating with NIC engineers to reconcile disparate modular schemas into a unified doctor performance reporting layer.
- **Supply Chain & Inventory Analytics:** Executed ABC, VED, and SDE categorization on drug procurement catalogs in OracleDB, deploying interactive dashboards to Oracle Analytics Cloud to optimize statewide procurement and resource allocation across 5 sub-departments.

KEY PROJECTS

Proactive Risk Prediction & AI Decision Engine | Python, PyTorch, GRU, DDPM M.Tech Thesis — Predictive Analytics

- Engineered a GRU-conditioned diffusion model (DDPM/DDIM) to forecast signal degradation from multivariate spatiotemporal telemetry; addressed 98%/2% class imbalance via SMOTE + Tomek Links, attaining a **97.64% F1-score** on failure classification for real-time edge deployment.

Anomalous Content & Text Classification System | Python, BERT, XGBoost, Bi-LSTM Applied NLP

- Built and benchmarked dual NLP pipelines (BERT + XGBoost and a deep hybrid Bi-LSTM/CNN/Transformer architecture) on large text corpora, optimizing decision thresholds to isolate anomalous patterns and achieve **99% Precision** and **98% Recall**.

EDUCATION

M.Tech in Computer Science & Engineering | IIIT Naya Raipur (CGPA: 7.90) 08/2024 – 07/2026

B.Tech in Computer Science & Engineering | Amity University Chhattisgarh (CGPA: 7.71) 08/2019 – 06/2023

CERTIFICATIONS & KEY QUALIFICATIONS

• **Microsoft Power BI Desktop for Business Intelligence** (Udemy) | **SQL for Beginners & Database Design** (Udemy)
• **Python for Data Science, AI & Development** (Coursera) | **Qualified GATE (CS)**, 2024 | **IELTS Academic:** 7.5 Band Score
