RISHI THAKUR

Data Analyst | Business Intelligence & Analytics Engineering

Bengaluru, India • +91 8109830219 • rishi_th219@proton.me • rishi-th219.github.io/portfolio

linkedin.com/in/rishi-thakur-b665a4298 • github.com/rishi-th219

PROFESSIONAL SUMMARY

Results-oriented Data Analyst experienced in developing automated data pipelines, dimensional data models, and enterprise Power BI dashboards from end to end. Proven background resolving multi-source data discrepancies across state-scale public healthcare databases, authoring SQL/ETL identity-resolution workflows, and translating complex operational KPIs into high-impact analytical and reporting tools that drive executive decision-making. Strong analytical foundation backed by M.Tech (CSE), GATE (CS) qualification, and hands-on experience with Python, SQL, Power BI, DAX, and Oracle Analytics Cloud.

TECHNICAL SKILLS

• **Programming & Querying:** Python (Pandas, NumPy, Matplotlib, Scikit-learn), SQL (T-SQL, MySQL, MariaDB, OracleDB) — Complex Joins, CTEs, Window Functions, Aggregations

• **BI & Data Visualization:** Microsoft Power BI, DAX (Measures, Calculated Columns, Time Intelligence), Power Query, Oracle Analytics Cloud (OAC), Advanced Excel (Pivot Tables, XLOOKUP, Scenario Modeling), KPI Scorecards

• **Data Modeling & ETL:** Dimensional Modeling (Star Schema), Multi-Source ETL Pipelines, Data Validation & Cleansing, Identity Resolution, Schema Reconciliation, Data Integrity Controls

• **Analytics & Business Methods:** Inventory Analysis (ABC/VED/SDE), Metric & Dimension Definition, Root Cause Analysis, Trend & Variance Analysis, UAT Protocols, Technical Documentation

PROFESSIONAL EXPERIENCE

Data Analyst Intern | Chhattisgarh Infotech Promotion Society (CHiPS) 06/2025 – 03/2026

Dept. of Health & Family Welfare, Govt. of Chhattisgarh • Raipur, India

- **Statewide BI Dashboard Architecture:** Architected an executive 6-page statewide Power BI attendance dashboard across 33 districts, structuring 4-tier top-down drill-downs (District → Facility → Designation → Employee) with custom DAX measures tracking avg. work hours, attendance %, and missed logins.
- **Automated SQL/ETL Identity Resolution:** Engineered an automated SQL/ETL pipeline mapping AEBAS biometric attendance IDs to State Treasury payroll records, closing a critical cross-departmental tracking gap and categorizing bonded doctors into 3 actionable compliance tiers.
- **Cross-Department Schema Reconciliation:** Integrated multi-source data across MariaDB, State Treasury, and National Next-Gen e-Hospital OPD systems, collaborating with NIC engineers to reconcile heterogeneous modular schemas into a unified reporting layer.
- **Supply Chain & Inventory Analytics:** Conducted ABC, VED, and SDE inventory categorization analysis on essential drug catalogs in OracleDB, deploying interactive dashboards to Oracle Analytics Cloud to guide statewide procurement decisions across 5 sub-departments.
- **Data Validation & Quality Assurance:** Authored automated data-validation pipelines, technical specifications, and UAT protocols to resolve reporting discrepancies and ensure operational data integrity across all deployed dashboards.

KEY PROJECTS

Proactive 5G Handover Prediction (Diffusion Models) | Python, PyTorch, GRU, DDPM M.Tech Thesis — Predictive Analytics

- Developed a GRU-conditioned diffusion model (DDPM/DDIM) to forecast radio signal degradation from multivariate spatiotemporal telemetry; addressed 98%/2% class imbalance via SMOTE + Tomek Links and attained a **97.64% F1-score** on failure classification.

AI vs. Human Text Classification Pipeline | Python, BERT, XGBoost, Bi-LSTM, Transformer Applied NLP

- Designed and benchmarked dual NLP pipelines (BERT + XGBoost and hybrid Bi-LSTM/CNN/Transformer architecture) on large corpora, optimizing decision boundaries to achieve **99% Precision** and **98% Recall**.

EDUCATION

M.Tech in Computer Science & Engineering | IIIT Naya Raipur (CGPA: 7.90) 08/2024 – 07/2026

B.Tech in Computer Science & Engineering | Amity University Chhattisgarh (CGPA: 7.71) 08/2019 – 06/2023

CERTIFICATIONS & KEY QUALIFICATIONS

• **Qualified GATE (CS)**, 2024 | **IELTS Academic:** 7.5 Band Score (2022) | **Microsoft Power BI Desktop** (Udemy)
• **SQL for Beginners & Database Design** (Udemy) | **Python for Data Science** (Coursera) | **Machine Learning** (NPTEL)
