RISHI THAKUR

TECH BUSINESS ENGAGEMENT ANALYST | SUPPLY CHAIN & IT

Bengaluru, India • +91 8109830219 • rishi_th219@proton.me • rishi-th219.github.io/portfolio
linkedin.com/in/rishi-thakur-b665a4298 • github.com/rishi-th219

PROFESSIONAL SUMMARY

Proactive Computer Science postgraduate (M.Tech CSE, GATE CS qualified) with hands-on experience in business engagement, supply chain analytics, process mapping, and automation. Proven track record deconstructing operational bottlenecks into structured data solutions. Skilled in executive Power BI dashboards, SQL pipelines, Celonis Process Mining, and deliverables tracking.

TECHNICAL SKILLS

- **Supply Chain & Process Analytics:** Supply Chain Analytics (ISCP Concepts, Demand/Supply Alignment, Inventory: ABC/VED/SDE), Process Mapping (Celonis), Gap Analysis, KPI Tracking
- **AI, Agents & Automation:** AI-Driven Automation, Agentic Frameworks (Claude Code, Google Antigravity), Prompt Engineering, Automated Extraction & Transformation, Process Automation
- **Data Analysis, SQL & Coordination:** Advanced SQL (Complex Joins, CTEs, Window Functions), MySQL, MariaDB, OracleDB, Microsoft Power BI (DAX, Power Query), Advanced Excel, Python, Cross-Functional Collaboration

WORK EXPERIENCE

Chhattisgarh Infotech Promotion Society (CHiPS) | Raipur, India | 06/2025 – 03/2026

Technology Business Engagement & Analytics Intern • Dept. of Health & Family Welfare, Govt. Of Chhattisgarh

- Partnered with senior leadership to deconstruct statewide operational bottlenecks across **33 districts** into **3 structured initiatives**.
- Conducted process mapping and data discovery across administrative and treasury systems, identifying operational gaps and formulating a **3-tier risk tracking model**.
- Authored performant **SQL data pipelines** (multi-table CTEs, window functions) bridging biometric attendance IDs with State Treasury payroll records, resolving discrepancies.
- Coordinated with National Informatics Centre (NIC) engineers and partner teams to track deliverables, reconcile disparate database schemas across MariaDB and OracleDB, ensuring consistency.
- Architected an executive 6-page **Power BI reporting suite** featuring **4-tier drill-down hierarchies** (District → Facility → Designation → Individual) and delivered status updates.

KEY PROJECTS

Proactive Risk Prediction & AI Decision Engine • ***M.Tech Thesis — Predictive Modeling & Process Optimization***

Technologies: Python, PyTorch, GRU, DDPM/DDIM, Scikit-learn, Random Forest, SMOTE

- Architected an end-to-end predictive decision engine forecasting service failures from complex multivariate **spatio-temporal** telemetry, replacing reactive manual bottlenecks with automated workflows.
- Resolved extreme **98%/2% class imbalance** via **SMOTE + Tomek Links** and integrated a two-stage Random Forest decision policy with custom loss, achieving a **97.64% F1-score**.

AI vs. Human Content Classification System • ***Applied Analytics & NLP***

Technologies: Python, BERT, XGBoost, Bi-LSTM, Transformers, Scikit-learn

- Conducted comparative analysis and built dual classification architectures evaluating pre-trained **BERT contextual embeddings** with **XGBoost** against a hybrid Bi-LSTM/Transformer network.
- Implemented rigorous validation protocols and hyperparameter optimization, attaining **99% Precision** and **98% Recall** for automated content evaluation.

EDUCATION

M.Tech in Computer Science & Engineering | IIIT Naya Raipur (CGPA: 7.90) | 08/2024 – 07/2026

B.Tech in Computer Science | Amity University Chhattisgarh (CGPA: 7.71) | 08/2019 – 06/2023

CERTIFICATIONS & KEY QUALIFICATIONS

- **Qualified GATE Computer Science (CS)**, 2024
- **Celonis Foundations** & **Process Management Foundations** (Credly)
- **Microsoft Power BI Desktop for Business Intelligence** (Udemy)
- **SQL for Beginners & Database Design** (Udemy)
- **Python for Data Science, AI & Development** (Coursera)
- **IELTS Academic:** 7.5 Band Score
