RISHI THAKUR

DATA ANALYST

Bengaluru, India • +91 8109830219 • rishi_th219@proton.me • rishi-th219.github.io/portfolio
linkedin.com/in/rishi-thakur-b665a4298 • github.com/rishi-th219

PROFESSIONAL SUMMARY

Results-oriented Data Analyst experienced in developing automated data pipelines, dimensional models, and enterprise Power BI dashboards from end to end. Proven background resolving multi-source data discrepancies across state-scale public databases, authoring SQL/ETL workflows, and translating operational KPIs into high-impact analytical tools for executive decisions. Strong quantitative foundation backed by M.Tech CSE, GATE CS qualification, and expertise in Python, SQL, and Advanced Excel.

TECHNICAL SKILLS

- **Analytics & Advanced SQL:** Advanced SQL (MySQL, MariaDB, OracleDB, T-SQL) — Joins, CTEs, Window Functions; Python (Pandas, NumPy, Scikit-learn), Exploratory Data Analysis (EDA)
- **BI & Data Visualization:** Microsoft Power BI (DAX, Power Query), Advanced Excel (Pivot Tables, XLOOKUP, Modeling), Oracle Analytics Cloud (OAC), Celonis Process Mining, KPI Dashboards
- **AI Tools & Data Modeling:** Claude Code, Google Antigravity (AI-Assisted EDA & Code Generation), Dimensional Star Schema, Multi-Source ETL, Schema Reconciliation, Identity Resolution

WORK EXPERIENCE

Chhattisgarh Infotech Promotion Society (CHiPS) | Raipur, India | 06/2025 – 03/2026
Data Analyst Intern • Dept. of Health & Family Welfare, Govt. Of Chhattisgarh

- Architected an executive 6-page statewide **Power BI dashboard** across **33 districts**, structuring **4-tier drill-down hierarchies** (District → Facility → Designation → Individual) with dynamic DAX.
- Engineered an automated **SQL/ETL pipeline** mapping AEBAS biometric attendance IDs to State Treasury payroll records, closing a tracking gap with **100% data fidelity**.
- Formulated a **3-tier defaulter risk model** tracking bonded personnel across facilities, enabling leadership to initiate targeted recoveries.
- Reconciled disparate backend database schemas across MariaDB, State Treasury, and National Next-Gen e-Hospital systems, harmonizing staff IDs and OPD records.
- Collaborated directly with Department Leadership and NIC teams, conducting exploratory data analysis (EDA) and cleansing across **5 sub-departments**.

KEY PROJECTS

Proactive 5G Handover Prediction (Diffusion Models) • *M.Tech Thesis — Predictive Analytics & Telemetry*
Technologies: Python, PyTorch, GRU, DDPM, Scikit-learn, Random Forest, SMOTE, Tomek Links

- Developed a GRU diffusion model (DDPM/DDIM) forecasting signal degradation from multivariate **spatio-temporal** telemetry, addressing **98%/2% class imbalance** via **SMOTE + Tomek Links**.
- Integrated an ensemble **Random Forest policy** evaluating 50 diffusion trajectories, achieving a **97.64% F1-score** in proactive failure prediction.

AI vs. Human Text Classification Pipeline • *Applied NLP & Analytics*
Technologies: Python, BERT, XGBoost, Bi-LSTM, Transformers, 1D-CNN, Scikit-learn

- Engineered dual NLP architectures: extracted 768-dim **BERT embeddings** paired with **XGBoost**, and constructed a deep hybrid Bi-LSTM/1D-CNN/Transformer pipeline.
- Applied early stopping and learning rate decay, achieving **99% Precision** and **98% Recall** in classifying synthetic LLM text against human corpora.

EDUCATION

M.Tech in Computer Science & Engineering | IIIT Naya Raipur (CGPA: 7.90) | 08/2024 – 07/2026
B.Tech in Computer Science | Amity University Chhattisgarh (CGPA: 7.71) | 08/2019 – 06/2023

CERTIFICATIONS & KEY QUALIFICATIONS

- **Qualified GATE Computer Science (CS)**, 2024
- **Microsoft Power BI for Business Intelligence** (Udemy)
- **SQL for Beginners & Database Design** (Udemy)
- **Python for Data Science & AI** (Coursera)
- **Celonis Process Mining Foundations** (Credly)
- **IELTS Academic:** 7.5 Band Score
